[REPORT OVERVIEW](#)

University Sunrise Rotary Website Survey

Questions that required written responses are displayed by individual query. The "Report Overview" button or "Back" button will return you to your survey results.

Each individual respondent is referenced under the # column.

Please rate each of the following as to its importance for inclusion on the club's website:

#	Response
1	<p>Having a club website at all Huge importance to me, would be a great tool for scheduling, sending it to prospective members and a resource for the member information so it could be updated when it changes instead of being relased once a year</p> <p>Members directory It would be great to have a member directory that could be updated when changes happened or if everyon could go in an update their information as it changes. I think I would use this section most often</p> <p>Calendar of upcoming meeting programs I go to the club each week so not so concerned about who is speaking. I would not use it when I try to bring people to the club as I think that the speakers are not the reason to join Rotary, it is the community first and the speakers are a nice side benefit.</p> <p>Calendar of club events As far as community service events goes this wold be wonderful. I think that this would only work if the calendar or scheduling would be able to be updated by the communy service coordinator</p> <p>Club forms (membership, grants, etc.) I go to the website now to print these off and when it works or the forms are there it is perfect</p> <p>Sign up forms for club events This would be great!</p> <p>Pres. Dinner auction items I don't think our club gets these items in fas enough so that the website coul dbe used well for this function</p> <p>Information on current projects Always good to have updates and nice to show what is in the works to vsitors tot he websites or to other clubs we are looking to join us in further funding of the projects</p> <p>Past activities (photos, stories) Great PR for the club and should be one of the first things that you come across on the site</p> <p>General Rotary information Always good to have a what are we about blurb for folks unfamiliar to Rotary</p> <p>Club history Great to know ones history and know who to call on for resources from the past</p>
2	<p>Having a club website at all Fantastic communication tool if current.</p> <p>Members directory Beats a paper copy and would me more current - maybe.</p> <p>Directory of other clubs and meeting places District still shows a defuct club from the southend having meeting on Wednesday mornings. Hum! This would have to be more current!</p> <p>Past club newsletters Wouldn't hurt!</p> <p>Calendar of upcoming meeting programs What a concept!</p> <p>Calendar of club events Whow! two in a row!</p> <p>Club forms (membership, grants, etc.) Why not</p> <p>Sign up forms for club events If it were interactive (I'm asking for a lot) the schedule of the Sharing and Caring tree would be vastly improved.</p> <p>Pres. Dinner auction items This is going too far</p> <p>Board minutes It's Monday morning, and I'm just plumb out of comments</p>
3	<p>Having a club website at all gives focus</p> <p>Members directory I will use printed first, website if no print version</p> <p>Directory of other clubs and meeting places Need link to District info</p> <p>Club reports (attendance, Paul Harris, etc.) private if posted</p> <p>General Rotary information Just link it</p>
4	<p>Having a club website at all It is a way for people and visiting Rotarians to find us.</p> <p>Members directory Our printed in is way out of date!</p> <p>Calendar of upcoming meeting programs Great information to share when inviting a guest.</p> <p>Past activities (photos, stories) Great place to view what happened if you were not able to participate in the actual event.</p>

- 5 Having a club website at all Can be used to easily provide most needed information, one stop shopping
Members directory see above
Sign up forms for club events Helpful, but typically done in person in breakfast meetings.
- 6 Pres. Dinner auction items I don't need a "preview" as that auctioneer guy is great!
Links to outside Rotary info and sites low priority as I can look them up myself
- 7 Members directory This is nice but I fear putting much personal information on the web.
- 8 Having a club website at all Website would be more helpful if it had a calendar of upcoming events
- 9 Having a club website at all It's the reason I'm at University Sunrise - checked out the web information!
Members directory As team captain and former 'program chair', I often need to contact current members to exchange information or whatever!
Directory of other clubs and meeting places For make-ups and guest speaker information
Past club newsletters During 'grant writing time', it's nice to see who our past speakers/presenters were.
Calendar of upcoming meeting programs for 'prospective members' - to inform them of our activities/speakers
Calendar of club events keeps us informed and involved!
Pres. Dinner auction items Great idea - keeps us INVOLVED and motivated
Board minutes would love to see these minutes
Information on current projects absolutely
Past activities (photos, stories) Fun to see all the fun we've had!
Club reports (attendance, Paul Harris, etc.) absolutely! I never know where I stand \$\$\$\$-wise - contributions
General Rotary information YES
Club history Good info for new members
- 10 Having a club website at all Depend on your view of Lee Raaens Body
Members directory Are they center fold quality too?
