

Survey Results (Included Responses)

[REPORT OVERVIEW](#)

University Sunrise Rotary Website Survey

Questions that required written responses are displayed by individual query. The "Report Overview" button or "Back" button will return you to your survey results.

Each individual respondent is referenced under the # column.

Please comment on what could make the website more valuable to you, the club, and the public.

#	Response
1	Ummm...please see all my comments above :)
2	Current reliable info.
3	Up to date, accurate information for the membership roster.
4	Regular updates and changing photos
5	Website information I consider essential is: membership roster; upcoming meeting and other events schedule; information on our club activities and Rotary generally; links to our Rotoract group, scholar blog and district and RI sites.
6	Keeping website current. Membership information password protected
7	The web site should be a reference tool for facilitating a member's involvement with the club and its activities. If the web site was designed to include all or many of the "somewhat important" or "very important" items noted above, then it would also convey to prospective members and the public an image of an active, creative, vital organization that embodies the spirit of Rotary.
8	Event calendar, current, past and future.
9	Keeping the information current and updated. All members need to buy in to the site and contribute to it.
10	Club Schedules, Event Signups.
11	see above priorities
12	members info tel email etc
13	Hard core porn and beer?
